ABOUT US

SIP produce about 3,000 kinds of various cosmetic, pharmaceutical and household plastic bottles based on the best facility and quality control in South Korea.

Also, SIP provide one-step service of post- processing operations necessary for products such as printing, labeling, and matte coating to minimize all inconvenience to customers.

Based on these know-how and technical skills, EJPack have achieved exports to more than 20 countries including domestic market. Also to collaborate with various customers, SIP is spurring the development of trendy bottles.

SIP have been producing high-quality and eco-friendly bottles since 4 years ago, responding to environmental issues, which are the biggest issues in recent years.

SIP is always sincere for plastic bottles.

SIP hope that it will continue to work together with more various and beautiful customers in 2025.
